

State of Louisiana

KATHLEEN BABINEAUX BLANCO
GOVERNOR

SCOTT A. ANGELLE
SECRETARY

DEPARTMENT OF NATURAL RESOURCES OFFICE OF COASTAL RESTORATION AND MANAGEMENT

MEMORANDUM

TO: Susan Hill Larrowe

FROM: Gerald Duszynski 
Acting Assistant Secretary

DATE: April 16, 2007

RE: GRIEVANCE RESPONSE

Your supervisors' recommendation that your detail to Coastal Resources Scientist Supervisor be terminated prior to the expiration of the one-year term will not be acted upon. As such, you will remain in this position, on detail, at your current salary.

In the "Relief Requested" section of your grievance, you asked that you no longer be supervised by Mr. Belhadjali, Ms. Smith and Mr. Rhinehart. Given the nature of your position and the duties you perform, supervision by these individuals is organizationally appropriate. Furthermore, nothing within your grievance, nor any information developed during the investigation thereof, suggests an inability by these individuals to properly supervise you.

I intend to schedule a meeting with you and your supervisors to discuss certain issues that I have identified as a result of your grievance. You will be notified of the date, time and location of this meeting shortly.
